

STATEMENT OF PURPOSE

RS27218 / S1246

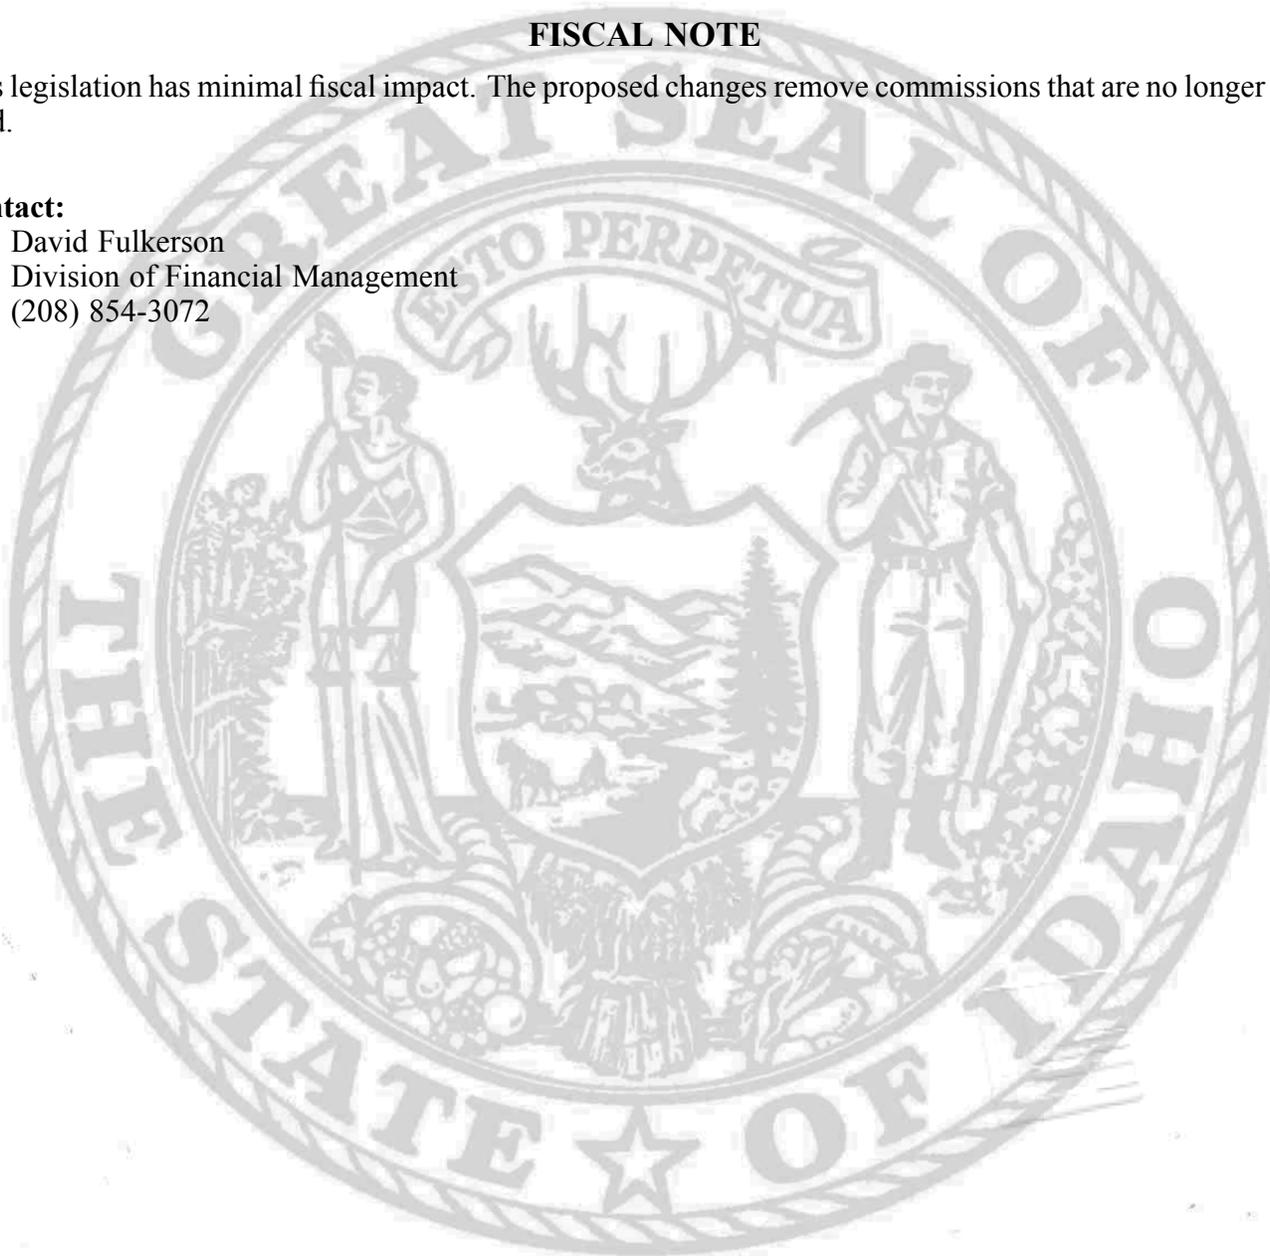

Consistent with the Governor's Licensing Freedom Act, this bill seeks to eliminate inactive programs and commissions. Chapter 52, Title 22, Idaho Codes, established the carbon sequestration advisory committee in 2002 but the committee has not taken any action since 2009-2010. Chapter 3, Title 70, Idaho Code, created the snake river improvements commission, however it has never actually been a functional commission and their duties are covered by flood control districts in Idaho.

FISCAL NOTE

This legislation has minimal fiscal impact. The proposed changes remove commissions that are no longer being used.
